

**The "Tuffy"**  
by Tony65x55

This aircraft is an easy to build, super tough trainer, suitable for all training applications, from basic to advanced. It uses simple, monocoque construction techniques and the time-proven KFM2 airfoil. It is designed to be easy to fly yet expandable in scope to include ailerons and flaps to meet all of your training needs. These plans are intended for personal use and commercial sale and usage are not permitted.
